My carpets were disgusting. I tried steam cleaning and various stain removers -- nothing worked. Then I discovered Cleanpro and now my carpets look great!

The high traffic areas were my biggest concern because it looked permanently grey in those areas (the carpet is a goldy color). However, now the entire carpet looks almost new and is the same color throughout. I had spent literally two days trying to steam clean my carpets and countless hours on my knees trying to scrub out the stains. Cleanpro had them cleaned in less than 2 hours. The drying time was incredible (only a couple of hours) and the fragrance was sensational.

Nothing else has come close to comparing to the great job that Cleanpro's system did! I would highly recommend Cleanpro for any job.

Thanks Cleanpro - you did an amazing job!

Sincerely,

Mrs. Lisa Johnston
